Mr. Stewart stated that if M. Strong and Gov. Morton would com to the postponement he would be sponsible for the expenses incurred far as the grand stands and similar as

It was claimed by Mr. Stewart that if the ceremonies were held to-day the souvenir programmes would be reined and the whole affair would prove a fissie.

Supreme Court Clerk Refuses to Take the Papers In the Appeal

Lawyer Gibbons Will Ask State Authorities to Put Off the Execution.

WARDEN SAGE IS UNCERTAIN.

He Asks the Attorney-General to Decide if the Execution Can Go On.

WASHINGTON, April 30.-George W Gibbons, attorney for Dr. Buchanan, applied to Clerk McKenney, of the United States Supreme Court, to-day to have docketed an appeal from the declaion of Judge Brown refusing to take cognizance of Buchanan's petition for a

writ of habeas corpus.

The Clerk refused to docket the case on the ground that the papers did not ne to him in regular form.

Mr. Gibbons sought to have an in-dorsement Judge Brown had made on the papers accepted in lieu of a formal order denying the petition, and also presented a certificate of the action of Judge Brown's Court from the Clerk of that Court, but Mr. McKenney would not accept them.

Mr. Gibbons confesses that his primar object in seeking to have the case conoldered in a United States Court was t oure a stay of proceedings, and to this end has had a copy of the papers served on the Warden of the prison at Sing

ALBANY, N. Y. April 30.—Lawyer Yorke, of New York, representing Warden Sage, of Sing Sing, arrived here this morning to ask the Attorney-General whether the Warden could under existing circumstances, proceed to execute Dr. Buchanan.

The Attorney-General is not in his office, and Mr. Scott is waiting an audience. He holds that the United States Court has no jurisdiction in the matter.

At 1.15 Deputy Attorney-General Hasbrouck stated that he would give out his opinion in the Buchanan case at a o'clock.

It is stated on excellent authority that the opinion authorizes Warden Sage to proceed with the execution unless notified otherwise by the United States Court.

George W. Gibbons, attorney for Dr. Robert W. Buchanan, the condemned wife-murderer, will to-day file a motion of an appeal in his case in the United States Supreme Court in Washington.

Warden Sage, at Sing Sing, has applied to the Attorney-General at Albany for an opinion as to whether Lawyer Gibbons's application will act as a stay. Warden Sage said this morning that he expected to get the Attorney-General's opinion some time to-day, and that he revoiled be governed entirely by it uneas the should receive an order direct from he United States Supreme Court.

That queerest of all strikes, the boycott of horsemen against the Virginia Jockey Club, was declared off at 1 5 clock to-day by Walking Delegates McCafferty and Pierson.

Up to that hour only twenty entries had been received by Secretary McIntyre for the six events to-morrow and a sorry lot they were.

The horsemen were firm, however, and Louis Berte, the entry collector for the Association, was received coldly when he went for entries. When it became known that there was no chance of racing to-morrow, Messrs, McCafferty and Pierson went in to see Mr. McIntyre, They had a short talk and Mr. Mc.

They had a short talk and Mr. Mc-Intyre agreed to assume the respon-sibility of raising the purses to 330 each for to-morrow only. The Execu-tive Committee will meet to-morrow and the question will be finally settled. the question will be finally settled.

The horsemen had the Association at their mercy, for they virtually controlled all the good jockeys, and racing under such circumstances would have been a farce.
